

*Missouri District  
Campus Ministry  
Network*

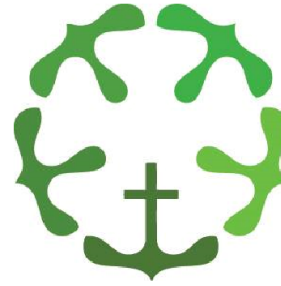

[www.molcms.college](http://www.molcms.college)

Please take a moment to encourage the college students in your congregation to remain connected with the body of Christ while they are away at school.

Students, parents and church workers can help connect students attending Missouri colleges and universities to the Lutheran campus ministry near their school by visiting: [\*\*www.molcms.college\*\*](http://www.molcms.college).

Referral information is submitted directly to the student's local campus ministry.

We very much want to help your college students remain connected and grow as members of the body of Christ during the formative years of their college education. Please let us know about your students and let them know about us!
